The Stables include 8 box stalls many with original Beatty fittings plus an indoor arena. With miles of nearby riding trails, this stable is perfectly situated in the heart of King Township's largest horse community spread along the 8th Concession. The stables could easily be re-purposed for a variety of other personal uses/hobby pursuits or could be leased out to a horse enthusiast.

Second homes are almost impossible to find in King Township! This self-contained auxiliary home can provide space for extended family, over-night guests or could produce rental income for the owner.
