

Pointe au Baril Island

Location: Pointe au Baril

Acreage: 5 Acres

Presented by

A breathtaking family compound on a private, lushly treed, 5 acre island.

Styled after the Adirondack great camps, this 4 cottage compound is the brilliantly successful result of collaboration between a highly respected local builder, Stan Desmasdon, the property owners and Saranac Lake based architect R. E. Hanpeter, a specialist in contemporary interpretation of the classic Adirondack style.

Water and aerial approaches reveal a visually stunning compound of elegant, graciously proportioned buildings, interconnected by covered breezeways, generous decks and boardwalk pathways.
